

### Fix and Flexible Scope & Analyte list Eurofins Lab Zeeuws Vlaanderen of Business Unit Pesticides

General Document Information	
Documentcode:	F3901C
Title:	List of active Methods Business Unit Pesticides
Approved by:	Stijn De Valckenaere
Valid from:	21/04/2026
Version:	4
Function:	Business Unit Manager

This document is an abstract from F3901C  
Data selection on Validation group Sante 1 + 2  
This is an informative document only and contains filters. For official documentation request F3901C

Document Quality information	
Accreditation body:	Raad voor Accreditatie (registratienummer L201, locatie Graauw (G))
Scope:	Flex Scope and Fix Scope. An analytical scope is in continuous development, this document refers to the scope on its validity date. The analytical report has the most recent and live version of the scope. Eurofins Lab Zeeuws Vlaanderen consists out of multiple Business Units, scope of other business units can be found the Fix Scope: Raad voor Accreditatie (registratienummer L201)

Document Explanatory information (legend)	
Q:	Accredited by Raad voor Accreditatie (registratienummer L201)
SOP:	Standard Operation Procedure (instruction)
UoM:	Unit of Measure
Sumparameters:	Excluded from this Scope List and integrated in F3901A and F3901B
Validation area:	Validation area: Description of matrix-group relevant to a validation
